### **Become a Student Volunteer**

#### **Definition of a Student**

To qualify for student treatment, you should be currently enrolled at least half-time at any level in a college or university, in any field broadly related to natural resources. We are inclusive for all students, so if in doubt and in need of assistance, please ask and we'll answer any questions you may have.

#### **Waived Registration**

Registration fee for the one day event will be waived for student volunteers

#### **Student Volunteer Opportunities**

Opportunities include:

- Assisting at the registration desk (throughout the meeting)
- Audiovisual support (PowerPoint and room lights) during the technical presentations (8:30 am – 5:00 pm)
