

## **"Common Ground: Oregon's Ocean"**

**Groundbreaking Video to be Shown at the  
2006 Oregon Chapter Annual Meeting!**

**March 1, 2006  
8-9pm / Heritage Room  
Sunriver Resort, Sunriver, Oregon**

**Don't miss the opportunity to see the groundbreaking film, "Common Ground: Oregon's Ocean", which features stunning views of Oregon's underwater world, and weaves cutting edge marine science with perspectives from those who rely on the ocean for their livelihood. The film presents new and essential information for the discussion about the future of Oregon's marine environment. Dr. Jane Lubchenco, one of the 2006 ORAFS Annual Meeting Plenary speakers, is featured in the video discussing the biodiversity of Oregon's ocean. Several people involved in protecting Oregon's marine environment will be available after the video to answer questions.**

**For more info on the video visit the website:**
